FOOD ESTABLISHMENT INDUSTRIAL WASTEWATER DISCHARGE PERMIT
INDUSTRY NUMBER F-1419-D-A FOR THE FACILITY LOCATED AT 1419
HILLTOP DRIVE, SUITE D, IN THE CITY OF CHULA VISTA

Enclosed is a Food Establishment Industrial Wastewater Discharge Permit, which authorizes Nashikinnos Deli to discharge wastewater from your facility located at 1419 Hilltop Drive, Suite D Chula Vista California. This permit is valid as long as you comply with all of its stipulated conditions and is subject to renewal and change only as stated therein. This permit is issued under the following conditions:

Permit Number: F-1419-D-A
Status: E
Effective Date: 9/18/2012
Expiration Date: 10/01/2015
Facility Location: 1419 Hilltop Drive, Suite D
Chula Vista, CA 91911

The City of Chula Vista approves this Food Establishment Industrial Wastewater Discharge Permit under the following conditions:

SPECIFIC PERMIT CONDITIONS

1. The use of garbage grinders is not allowed at your facility.
2. The grease pretreatment device shall be installed to remove grease from wastewater and shall be maintained in efficient operating condition by periodic removal of the accumulated grease.
3. Records of grease pretreatment device cleaning, maintenance and grease removal and report on such maintenance shall be kept for not less than three years.
4. The accumulated grease inside the grease pretreatment device shall be disposed into a proper dumpsite.

GENERAL PERMIT CONDITIONS

1. Retain this permit on the premises and make available upon request.
2. Have a grease removal equipment (GRE) intercept the wastelines leading from all sinks, drains, appliances and other fixtures or equipment used in food preparation

- or cleanup where fat, oil, grease or greasy matter may be introduced into the sewer system.
3. Confine all processes that may introduce fat, oil, grease, and greasy matter into the sewer to fixtures connected to grease removal equipment.
 4. No matter containing more than 500 mg/l of oil and grease or that might otherwise obstruct the sewer flow, nor any matter that might create a hazardous condition may be discharged into the sewer system.
 5. Maintain GRE in efficient operating condition by periodic removal of the accumulated grease and solids. No such collected material shall be introduced into any drainage pipe or public sewer.
 6. Maintain a GRE cleaning log or save maintenance receipts. Retain on the premises for a period of no less than two years.
 7. Provide a collection drum or other container for maximum segregation of fat, oil, and grease.
 8. Implement and post a grease spill control plan when required.
 9. You must notify the FEWD Permit Program at (619) 476-5388 for any:
 - a. Sale, lease, transfer or assignment
 - b. Change of facility name
 - c. Changes in food preparation or kitchen practices and/or addition of equipment that requires and/or generates fats, oils or grease.
 - d. Spills that result in the discharge of fats, oils or grease to the sewer system.
 10. You must allow City representative(s) ready access at all reasonable times to all parts of the premises for purposes of sampling and inspection.
 11. Any sale, lease, transfer or assignment of the operation for which the permit was issued shall require a new permit.
 12. The terms and conditions of the permit are subject to modifications and change by the City during the life of the permit.
 13. Any person(s) who knowingly makes any false statement or representation, or submits any false record, report, plan, or other document shall be guilty of a misdemeanor.
 14. Any person(s) discharging wastewater in violation of the Industrial Wastewater Ordinance or FEWD Permit is subject to fines, penalties, cost recovery, injunction, termination of sewer service, permit revocation and/or such other remedies as are available to the Public Works Director.

Should you have any questions, please call Luis Pelayo, Associate Civil Engineer of the City of Chula Vista Wastewater Engineering Section at (619) 476-5387.
