

# Chula Vista Draft Districting Map

Your voice is needed in determining Council Districts!

This Draft Districting Plan was approved by the Districting Commission on April 25, 2015. It was developed by the Commission taking into consideration the various Charter-mandated criteria for creating districts, including population equality, geographic compactness and contiguity, following natural and man-made features, street lines and City boundary lines, and respecting communities of interest, to the extent practical. Video recordings of the meetings at which the Plan was developed and approved can be viewed at [www.chulavistaca.gov/districting](http://www.chulavistaca.gov/districting). Population information for the Draft Plan proposed districts is described below:
