

PV Solar Permit Inspection Request

To schedule inspections go to <https://pip.chulavistaca.gov/citizenaccess/chulavista.aspx>

Below is a list of the typical inspections required for this type of permit. To assist us in providing you with the best, most efficient, service possible please include all applicable inspection types in your request for inspection.

Please DO NOT use inspection code “Final Activity” for any inspection request.
(This list may not account for all possible inspections that might be needed, please keep this in mind and schedule all inspections needed for your specific project. When in doubt of what needs inspection follow the golden rule: “Thou shall not cover unless inspected”)

Electric Meter Upgrade Inspection [if applicable]:

- ELEC-Meter Clearance

Final Inspection:

- ELEC-Meter Clearance
- ELEC-Final Approval
