# Background

## CHULA VISTA Climate Action Plan

Adopted by City Council • September 2017

2017

- Also referred to as Community Choice Energy (CCE)
- Included in Climate Action Plan
- Funds included in FY2019 Budget

## 2 Clean Energy Sources

- A) Incorporate solar photovoltaic into all new residential and commercial buildings
- B) Provide more grid-delivered clean energy (up to 100%) through Community Choice Aggregation or other mechanism

# Background

Climate Action Plan set goal to achieve 100% clean electricity by 2035

# Feasibility Study

- Partnering with City of La Mesa & City of Santee
- Aligned timelines and goals
- Reduce costs for all jurisdictions
- Each City will be studied individually, no commitment to work together past feasibility study

# Feasibility Study

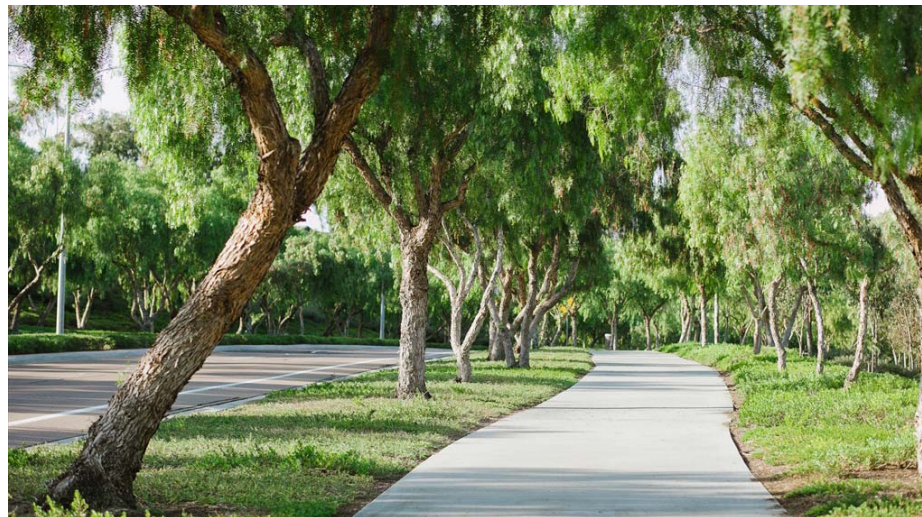

- Request for Proposal (RFP) Issued in October, 2018
- RFP closed in December, 2018
- EES Consulting Selected

# Next Steps

- Complete feasibility study
- Present to Sustainability Commission
- Present to City Council
  - City Council can provide direction to staff on implementation
- Information can be found at [www.chulavistaca.gov/cca](http://www.chulavistaca.gov/cca)

# Questions?

“Together we can build a world we want, a world we’re proud to leave our children and grandchildren.”

– Ban Ki-moon
